What's on: May

PART OF THE CC NURSERIES GROUP

There are lots of celebrations and awareness days to keep up entertained this May, from looking after ourselves in the sunshine, to enjoying our vegetables and taking care of our friends! We look forward to a very busy month.

Sun Awareness Week

Sun safety is extremely important to us and as part of Sun Awareness Week (which runs from 2 May - 8 May) we shall be reminding our children of the important of staying safe while playing outdoors. Look out for top tips on Famly! (and hopefully some lovely sunshine during May, too!).

Mental Health Awareness Week

The theme for this year's mental health awareness week (9-15 May) is Loneliness - which we will explore this topic through lots of playing with our Nursery friends and seeing how we can help extend our friendships within our local communities.

National Vegetarian Week

We shall be exploring a wide range of vegetables colours and textures this week (16-22 May) - and look out for some veggie-inspired recipes from our Nursery cooks.

World Bee Day

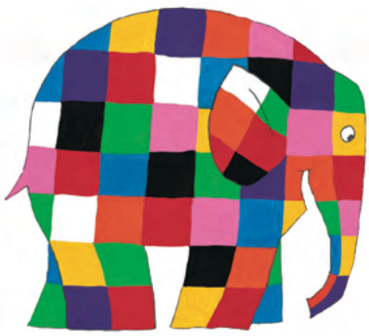
It's time to celebrate our friends the Bees on Friday 20 May. We can't to see the bee-rilliant provocations our teams come up with across our settings!

National Numeracy Day

We will be celebrating numbers across our settings for National Numeracy day on 18 May, with so many ways to play!

Eid Al-Fitr

to all of our families and team members celebrating the end of Ramadan.



May 28 – Elmer Day
